Students Injured In Car Accident**

Yesterday morning, Varsity and JV basketball players were traveling in cars on their way to Baldwin for a scrimmage. Just beyond Reed City, one of the cars with four players in it was involved in a serious car accident. All four in the car were injured and were taken to a Grand Rapids hospital. Two of the injured were transported by air and the other two were taken by ambulance and all currently remain hospitalized.

The district would like to thank all those who helped both at the scene and after. This would include law enforcement, all emergency response personnel, parents and family members, staff members as well as many community members. Your comfort, help, support, and prayers helped many get through a very stressful event.

Please keep our injured students in your thoughts and prayers as well as all those who were affected by the accident.

Shirley Howard, Superintendent
